**FACULTY OF COMPUTER SCIENCE AND INFORMATION TECHNOLOGY
GUIDELINES FOR RESEARCH REPORT PRESENTATION FOR MASTERS OF DATA
SCIENCE**

Guidelines

1. The presentation must be done in the first semester of Research Project registration. It contributes 10% to the overall marks awarded for the Research Project.
2. Candidates are required to submit a write up covering Chapters 1, 2 and 3 to their supervisors prior to the presentation as well.
3. Each candidate shall be given 15 minutes to present his/her work, followed by question-and-answer session by the supervisor and examiner.
4. The presentation should include:
 - a. Introduction & Research Problem
 - b. Research Objectives
 - c. Literature Review
 - d. Research Design/Methodology
5. The presentation shall be assessed by the supervisor(s) and examiner. The supervisor(s) **MAY** invite other academic staff members to give comments to the presentation.
